VA Privacy Service is Celebrating 20 Years of Service

VA Privacy in Action Speaker Series Event

Artificial Intelligence: How Algorithms Improve Veteran Lives

Wednesday, Feb. 16, 2022
1–2 p.m. ET

Attend the Privacy in Action Speaker Series:
https://www.vaitcampus.com/event/33764?public=true

The link will go live 30 minutes before the event. For non-VA employees, click on the link above and "Continue as Guest" to sign up and add the event to your calendar. For VA employees, login using your VA email address or "Register" for an account if this will be your first time.

Join the Department of Veterans Affairs (VA) Privacy Service for the "Artificial Intelligence: How Algorithms Improve Veteran Lives" VA Privacy in Action Speaker Series event. Artificial Intelligence (AI) experts will explore how VA is using AI, algorithms, and other innovative technologies to advance patient treatment, predict and prevent Veteran suicide, and further advance VA's mission, while also protecting personally identifiable information (PII) and protected health information (PHI). Don't miss out on this virtual event!

Speakers:

Dr. Rafael Fricks
Computer Engineer
VA National Artificial Intelligence Institute (NAII)

Richard Speidel
Chief Privacy Officer
General Services Administration (GSA)

VA employees and contractors who use their VA emails to log into VA IT Campus will automatically receive one Talent Management System (TMS) credit. One International Association of Privacy Professional (IAPP) Continuing Privacy Education (CPE) credit is available to attendees who self-certify.
