ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

1. The record of an individual who is covered by this system may be disclosed to a member of Congress, or a staff person acting for the member, when the member or staff person requests the record on behalf of and at the request of that individual.
2. VA may disclose on its own initiative any information in the system, except the names and home addresses of veterans and their dependents, that is relevant to a suspected or reasonably imminent violation of the law whether civil, criminal, or regulatory in nature and whether arising by statute, regulation, rule, or order issued pursuant thereto,

to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule, or order. VA may also disclose on its own initiative the names and addresses of veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal, or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, or order issued pursuant thereto.

3. 5. The name, business address, phone number, and service organization affiliation(s) of claims agents, attorneys, and accredited representatives may be disclosed to requesting service organizations, claimants for benefits, and the general public in order to aid the requestor in verifying the identity and service organization affiliation of the accredited representative.

7. The name and address of a prospective, present, or former accredited representative, and any information concerning such accredited representative which is relevant to a refusal to grant accreditation, or a potential or past suspension or termination of accreditation of such representative, may be disclosed to the service organization(s) with whom the representative is affiliated.

8. VA may disclose information from this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to

disclosure that release of the records to DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may also disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

9. VA may disclose the name and address of any prospective, present, or former accredited representative, claims agent, or attorney, and any information concerning such individual that relates to unlawful, unprofessional, or unethical actions by that individual or to VA's denial, cancellation, suspension or termination of an individual's VA accreditation, or to both, where applicable, to employing entities and State and Federal licensing organizations when such information may be relevant to the initial or continued employment or licensing of a prospective, present, or former accredited representative, claims agent, or attorney by an employing entity or licensing organization. VA will not disclose the names and home addresses of claimants and their dependents to licensing organizations pursuant to this routine use.

10. VA may disclose the name and address of any prospective, present, or former accredited representative, claims agent, or attorney, and any information concerning such individual that relates to unlawful, unprofessional, or unethical actions by that individual or to VA's denial, cancellation, suspension or termination of an individual's VA accreditation, or to both, where applicable, to other Federal and State agencies and to Federal courts when such information may be relevant to the individual's provision of representational services before such agency or court. 12. Disclosure of relevant information may be made to individuals, organizations, private or public agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

13. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

14. VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm

to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in [38 U.S.C. 5724](#), as the terms are defined in [38 U.S.C. 5727](#).

15. VA may disclose the name, address, date of birth, and any other identifying information of any prospective, present, or former accredited representative, claims agent, attorney, or individual providing representation on a particular claim to a third-party individual or entity for the purpose of conducting a background check or to obtain information about the individual's present or past conduct, activities, licenses, or other information that may have a bearing on a determination of the individual's fitness to represent or to continue representing claimants before VA.

16. VA may disclose the name and address of any prospective, present, or former accredited representative, claims agent, attorney, or individual providing representation on a particular claim who is the subject of correspondence, an investigation, or a proceeding relating to his or her fitness to represent claimants for VA benefits, and any information concerning such individual that relates to unlawful, unprofessional, or unethical actions by that individual or to VA's possible denial, cancellation, suspension, or termination of the individual's VA accreditation, or to both, where applicable, to an individual or entity from whom VA has received a credible written complaint about the accredited individual's fitness to represent VA claimants.

17. VA may disclose the name and address of any individual (acting alone or as part of an organization) not accredited by VA who is the subject of correspondence, an investigation, or proceeding relating to the legality of representation provided by such individual to claimants for VA benefits, and any information concerning such individual that relates to unlawful, unprofessional, or unethical actions by that individual to an individual or entity from whom VA has received a credible written complaint about the legality of representation provided by the non-accredited individual.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Active records are maintained in individual folders stored in file cabinets. File cards with name and business addresses of individuals previously covered by this system are maintained in file cabinets; these records and those of newly accredited persons are also maintained in an electronic database. Listings of claim agents, attorneys, and

accredited representatives are maintained both on magnetic disk and in hard copy in file cabinets. Identification codes and codes used to access various VA automated communications systems and records systems, as well as security profiles and possible security violations, are maintained on magnetic media in a secured environment within VA workspaces. Hard copies are maintained in locked containers.

RETRIEVABILITY:

Records and electronic files are maintained in alphabetical order by last name of the individuals covered by this system. A searchable list of claims agents, attorneys, and accredited representatives is available at OGC's internet Web site <http://www.va.gov/ogc/apps/accreditation/index.html>. Information concerning possible security violations associated with exercise or remote access privileges is retrieved by individual assignment numbers. Information concerning individual security profiles and codes assigned to an individual for that person to obtain access to various computer systems is retrieved by the individual's assignment number.

SAFEGUARDS:

1. This list of safeguards furnished in this System of Record is not an exclusive list of measures that has been, or will be, taken to protect individually-identifiable information.

VA will maintain the data in compliance with applicable VA security policy directives that specify the standards that will be applied to protect sensitive personal information. Security complies with applicable Federal Information Processing Standards (FIPS) issued by the National Institute of Standards and Technology (NIST). Access to and use of these records are limited to those persons whose official duties require such access. Personnel screening is employed to prevent unauthorized disclosure.

2. Access to Automated Data Processing files is controlled at two levels: (1) Terminals, central processing units, and peripheral devices are generally placed in secure areas (areas that are locked or have limited access) or are otherwise protected; and (2) the system recognizes authorized users by means of an individually unique password entered in combination with an individually unique user identification code.

3. Access to automated records concerning identification codes and codes used to access various VA automated communications systems and records systems, as well as security profiles and possible security violations is limited to designated automated systems security personnel who need to know the information in order to maintain and monitor the security of the VA's automated communications and veterans' claim records systems. Access to these records in automated form is controlled by individually unique passwords/codes. Agency personnel may have access to the information on a need to know basis when necessary to advise agency security personnel or for use to suspend or revoke access privileges or to make disclosures authorized by a routine use.

4. Access to VA facilities where records, identification codes, passwords, security profiles and possible security violations are maintained is controlled at all hours by the

Federal Protective Service, VA, or other security personnel and security access control devices.
